Strengthen Policies

Expanded mandated comprehensive age-appropriate sexual abuse prevention curriculum into private school settings.

Enhance Partnerships

Partnered with several area private schools: Academy of Our Lady of Guam, Notre Dame High School, Bishop Baumgartner Memorial Catholic School, Saint Anthony Catholic School, Santa Barbara Catholic School, Saint Francis Catholic School, Mount Caramel Catholic School, San Vicente Catholic School, and Dominican Catholic School.

Measure Impact

Captured pre and post evaluations of participants showing the success of the curriculum.

Educate & Train

Trained 193 school personnel on the Sexual Abuse Prevention Curricula (SAPC) with 7 Catholic Elementary Schools and 4 Day Care Centers. Project STAR sessions were implemented at 2 (Catholic) high schools and 2 middle schools.

Their original goal was to train 75 elementary school teachers, 4 schools and 2 control schools with minimum of 10 students participating in 6-week, 90-minute weekly sessions.

Provide Resources

Shared its comprehensive age-appropriate sexual abuse prevention curriculum with private schools. GCASAFV implemented prevention programming with older students including Project STAR (Strengthening Teens Awareness & Resources) and Safe Dates, and engaged youth as peer advocates.

What's next:

GCASAFV anticipates providing trainings to community partners and Catholic programs interested in the curricula. The project will continue as more partners are identified.
