

Working on Racial Justice Across Sexual Violence and Domestic Violence Coalitions

Washington State Coalition Against Domestic Violence
R1 2016-2017
\$39,877

Washington State Coalition Against Domestic Violence in Seattle, WA leveraged the expertise of 6 sexual assault and domestic violence coalitions (CA, IA, and WA) to strengthen the social change trajectory of anti-violence work. These states worked in partnership with marginalized communities to develop and implement organizational, systemic, and community-level prevention strategies that aim to increase racial justice practices and deepen partnerships between sexual assault and domestic violence coalitions.

Enhance Partnerships

Brought together 6 state coalitions in IA, CA, and WA focused on how to deepen partnerships across sexual assault and domestic violence organizations by working specifically on racial justice and race equity.

Provide Resources

The project enabled the group to gather on multiple occasions and helped inform the whitepaper development.

Learning Circles

Hosted 2 in-person meetings (January and April 2017).

What's next:

WSCADV continues to explore the depth of organizational transformation that might be needed. The participating coalition leaders are willing to share our conversations with other interested coalitions/organizations/leaders.
